Mayor's Message

Hi Folks,

We hope your summer has gone well considering the heat and dry spells. We are now sneaking up on my favorite time of the year with the cooler weather and fall colors. Good luck to our fall sports teams and celebrations. Halloween will be here before we know it. Now, where did I put my mask?

Respectfully,

Ric Offerman, *Village President*

New Business Spotlight

Dog Gone Grooming

A new full-service dog and cat grooming shop is open in downtown Minooka and ready to take care of your furry friend. Dog Gone Grooming is open at 113 W. Mondamin St. in Minooka Tuesday through Saturday from 8 a.m. to 3 p.m. Dog Gone Grooming is owned by Kelly McGovern and has seven employees.

"I have been grooming pets for 25 years and have worked in a few shops. I decided I wanted my own and opened my store, and it has been the best decision! We do full-service grooming that is all inclusive in the pricing," McGovern said.

In addition to dog and cat grooming, Dog Gone Grooming also will do creative grooming for your pet. "I absolutely love my job and every pet that comes through our doors. We make it feel very homey for you and your fur baby," McGovern said.

The Grundy County Chamber and Village of Minooka celebrated the new business with a ribbon cutting July 13. "Kelly and her team treat your pet as their own," Chamber President & CEO Christina Van Yperen said. "Not only will your pet leave looking great, but they will also leave even more loved than when they came."

For more information on Dog Gone Grooming, call 630-362-6677 or visit them online at doggonegroomingllc.myonlineappointment.com.

PUBLIC WORKS

NOTICE TO RESIDENTS

You will be receiving a Service Line Material Identification Survey in the mail with your utility bill. The Illinois Environmental Agency requires municipalities to gather and update water service line material information for all structures connected to the distribution system.

Please submit your response to the Village of Minooka Public Works Department by scanning the QR code, or by going online to:

minooka.com/departments/public-works/

or by returning the form to us via email at: publicworks@minooka.com

or via mail to: Village of Minooka, Attn: Public Works 121 E McEvilly Rd, Minooka, IL60447

Service Line Material Identification

The Illinois Environmental Protection Agency recently revised the lead and copper rule for community drinking water, requiring municipalities to gather and update water service line material information for all structures connected to the distribution system.

Participation from residents is essential for completing this inventory and the Village of Minooka Water Department is asking for your help.

Please submit your response to the Village of Minooka Public Works Department by following the link or QR code on the back or by returning this form to us. List your name, address, and whether you have a lead, galvanized steel, copper, or plastic service line. If you have questions regarding this inventory, please call 815-467-8868 ext. 3180.

How to identify service line material:

1. Locate the water meter.

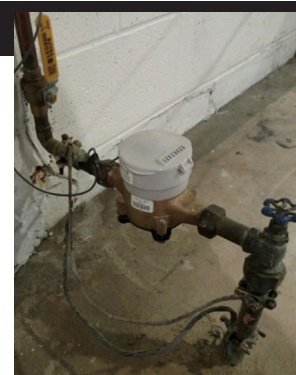

(Found inside the building.) Follow the water pipes in the basement or crawl space. Look near your water heater, furnace, or washer/dryer. The meter may also be under a kitchen or bathroom sink, inside the cabinet.

2. Locate the service line.

This is the pipe which comes up from the floor or out of the wall before the water meter. Water meters generally have an arrow printed on the body. The service line will be on the upstream side of the arrow. (See photo to the right.)

3. Identify the material.

Lead, Galvanized Steel, Copper (indicate if lead solder is present), or Plastic

Material details for identification

Lead

- Grey in color.
- Non-magnetic
- Soft metal, easy to mark.
- Connections resemble a bulb shape.

Galvanized Steel

- Silver/grey in color.
- Magnetic
- May observe red/rusty areas.

Copper

- Similar color and shine of a Penny.
- May have green and blue coloration.
- Non-magnetic

Plastic

- Blue or black in color.
- Lettering or stripes may be imprinted on the pipe.

1. Lead 2. Galvanized Steel (Iron)
3. Copper 4. Plastic (Black/Blue Color)

Note: If your home was built before 1986 and you have copper service lines, there is a possibility that lead solder was used to join the copper pipes. While testing for lead solder is not required, lead testing kits are available online, if you desire to test your pipes. The Village has a limited supply of testing kits available upon request.

Lead

A dull, silver-gray color that is easily scratched with a coin. Use a magnet - strong magnets will not cling to lead pipes.

Galvanized

A dull, silver-gray color. Use a magnet - strong magnets will typically cling to galvanized pipes.

Copper

The color of a copper penny.

Plastic

White, rigid pipe that is joined to water supply piping with a clamp.

GRUNDY COUNTY LAND USE

ORDINANCE REMINDERS:

RECREATIONAL / TEMPORARY PARKING ORDINANCE

Village ordinance states that from October 30th until May 1st, recreational vehicles including boats, personal watercraft, travel trailers, campers, motorhomes, and other summer recreation items must be moved to an interior side yard, rear yard, or to a fully enclosed building so long as the entire area under the vehicle is open, impervious, and constructed of a hard, dustless material, such as concrete, asphalt, or brick pavers. The surface must be capable of supporting the weight of the vehicle, and access to the front/side yard must meet these same requirements. This must be no closer than five (5) feet to the property lines. Recreational vehicles cannot be parked in front yards, corner lot side yards, front yard driveways, or any public roadway or right of way.

A Festival of Forgiveness

My mom passed away last June at the age of 96. There are many aspects of this loss that I could think of to write about, but one stands out to me. The service for my mom was held at the church I grew up in: St. Raphael's Catholic Church, in New York. I am going to pass along to you what the priest passed along to us as a part of my mom's service. He invited all of us to a "Festival of Forgiveness." This is what he meant: if you have been far from God, then come home to Him. If you have been far from church, return to your spiritual family. If you have never asked for His forgiveness, then take time to do so. The Mayo Clinic website indicates that forgiveness results in amazing health benefits, including: improved mental health, less anxiety, stress and hostility, and lower blood pressure, to name a few. Spiritually and medically, God knew that receiving and granting forgiveness is beneficial for our hearts and minds and for our health. So, as we say good-bye to summer and welcome the change of season, think about what a Festival of Forgiveness might look like for you. If you would like to talk more about this, I would be happy to buy you a cup of coffee. Contact me at carlosgarcia@missionbible.church

NEWS FROM WITHIN THE POLICE DEPARTMENT

COMMUNITY STRONG

On behalf of the Minooka Police Department, I want to thank the community for your continuous support as your attendance at National Night Out was phenomenal! This year's event saw its best turnout as the police department and community joined together for an evening of fun and partnership. I would also like to express my appreciation to the business organizations who donated food for the evening. It was much appreciated and needed as we ran out of food right at the very end.

National Night Out is an annual law enforcement event that promotes positive engagement with your officers. While officers were handing out free giveaways, food, sno-cones, and cotton candy, the event also consisted of free pony rides, a petting zoo, reptile shows, Jesse White Tumblers performances, bounce houses, face painting, musician shows, balloon artists, and a Touch-A-Truck event.

For those who missed out, please mark your calendar for next year's National Night Out on August 5th, 2024!
