

July 7, 2026

## **ATTENTION!**

We wish to inform you that street maintenance is scheduled in your neighborhood during July 2026.

Please note that the schedule below is tentative and is subject to change due to weather, equipment availability, and other unforeseen circumstances. We will do our best to keep residents informed as schedules are updated. Additional updates will be provided as more information becomes available.

The following streets are scheduled to be paved on Wednesday, July 8th (weather permitting):

- Briarcliff Dr
- Gallant Dr
- South Bell Rd (between McEvelly Rd and Manuel Ct)

Please be advised that, prior to laying the new asphalt pavement, the contractor will apply a primer coat (liquid asphalt, commonly referred to as "oil") to the existing pavement. This primer creates a bond between the existing surface and the new asphalt. Asphalt paving will follow after the primer has been applied.

The contractor will post fresh oil signs twenty-four hours prior to applying the oil onto the street in the areas to be paved allowing residents time to park vehicles off the street or on another street.

Please park your vehicles off the street or on another street not scheduled for patching and/or paving to allow the contractor to work on the street.

If you should have any questions, concerns or problems please contact the Minooka Public Works Department at 815-467-8868.

**THANK YOU FOR YOUR PATIENCE AND COOPERATION!**
