INDEPENDENT AUDITOR'S REPORT

November 25, 2025

The Honorable President
Members of the Board of Trustees
Village of Minooka, Illinois

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Minooka (the Village), Illinois, as of and for the year ended April 30, 2025, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Minooka, Illinois, as of April 30, 2025, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Village, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Village's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Village's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison schedules, and supplementary pension and other post-employment benefit (OPEB) schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village of Minooka, Illinois’ basic financial statements. The other supplementary information and supplemental schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, other supplementary information and supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 25, 2025, on our consideration of the Village’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Village’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Village’s internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

VILLAGE OF MINOOKA, ILLINOIS

Management's Discussion and Analysis

April 30, 2025 (Unaudited)

Our discussion and analysis of the Village of Minooka (the Village), Illinois' financial performance provides an overview of the Village's financial activities for the fiscal year ended April 30, 2025. Please read it in conjunction the Village's financial statements, which can be found in the basic financial statements section of this report.

FINANCIAL HIGHLIGHTS

- The Village's net position increased as a result of this year's operations. Net position of the governmental activities increased by \$2,537,315, or 3.3 percent and net position of business-type activities increased by \$2,567,432, or 8.4 percent.
- During the year, government-wide revenues for the primary government totaled \$25,900,406, while expenses totaled \$20,795,659, resulting in an increase to net position of \$5,104,747.
- The Village's net position totaled \$112,998,222 on April 30, 2025, which includes \$82,606,401 net investment in capital assets, \$10,922,418 subject to external restrictions, and \$19,469,403 unrestricted net position that may be used to meet the ongoing obligations to citizens and creditors.
- The General Fund reported an increase of \$447,047 or 5.1 percent, resulting in ending fund balance of \$9,205,404.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the Village as a whole and present a longer-term view of the Village's finances. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Village's operations in more detail than the government-wide statements by providing information about the Village's most significant funds. The remaining statements provide financial information about activities for which the Village acts solely as a trustee or agent for the benefit of those outside of the government.

Government-Wide Financial Statements

The government-wide financial statements provide readers with a broad overview of the Village's finances, in a matter similar to a private-sector business.

The Statement of Net Position reports information on all of the Village's assets/deferred outflows and liabilities/deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Village is improving or deteriorating. Consideration of other nonfinancial factors, such as changes in the Village's property tax base and the condition of the Village's infrastructure, is needed to assess the overall health of the Village.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

VILLAGE OF MINOOKA, ILLINOIS

Management's Discussion and Analysis

April 30, 2025 (Unaudited)

USING THIS ANNUAL REPORT - Continued

Government-Wide Financial Statements - Continued

Both of the government-wide financial statements distinguish functions of the Village that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Village include general government, public safety, highways and streets, and culture and recreation. The business-type activities of the Village include waterworks, sewerage, and garbage disposal.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Village, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Village can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Village's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The Village maintains twenty-six individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund and the 2022 Bond Fund, which are considered major funds. Data from the other twenty-four governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The Village adopts an annual appropriated budget for all of the governmental funds, except for the Developer Liability, Ridge Road Transportation, and Special Assessment Funds. A budgetary comparison schedule for these funds has been provided to demonstrate compliance with this budget.

VILLAGE OF MINOOKA, ILLINOIS

Management's Discussion and Analysis

April 30, 2025 (Unaudited)

USING THIS ANNUAL REPORT - Continued

Proprietary Funds

Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Village utilizes enterprise funds to account for its waterworks, sewerage, and garbage disposal activities.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water and Sewer Fund, which is considered to be a major fund of the Village.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Village's own programs. The accounting use for fiduciary funds is much like that used for proprietary funds.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Village's I.M.R.F., police employee pension obligations, post-employment retirement benefit obligations and budgetary comparison schedules for the General Fund. The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the required supplementary information on pensions.

VILLAGE OF MINOOKA, ILLINOIS

Management's Discussion and Analysis

April 30, 2025 (Unaudited)

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position. The following tables show that in the case of the Village, assets/deferred outflows exceeded liabilities/deferred inflows by \$112,998,222.

	Net Position					
	Governmental		Business-Type		Totals	
	Activities		Activities			
	2025	2024	2025	2024	2025	2024
Current Assets	\$ 24,166,721	22,029,897	13,576,645	9,356,630	37,743,366	31,386,527
Capital Assets	64,596,903	64,238,770	25,437,136	24,092,289	90,034,039	88,331,059
Total Assets	88,763,624	86,268,667	39,013,781	33,448,919	127,777,405	119,717,586
Deferred Outflows	2,353,322	2,288,895	5,120,351	5,362,522	7,473,673	7,651,417
Total Assets/Deferred Outflows	91,116,946	88,557,562	44,134,132	38,811,441	135,251,078	127,369,003
Long-Term Liabilities	5,295,382	5,491,721	9,480,136	7,773,024	14,775,518	13,264,745
Other Liabilities	1,810,357	1,506,195	1,550,673	494,925	3,361,030	2,001,120
Total Liabilities	7,105,739	6,997,916	11,030,809	8,267,949	18,136,548	15,265,865
Deferred Inflows	4,108,326	4,194,080	7,982	15,583	4,116,308	4,209,663
Total Liabilities/Deferred Inflows	11,214,065	11,191,996	11,038,791	8,283,532	22,252,856	19,475,528
Net Position						
Net Investment in Capital Assets	62,073,354	61,490,201	20,533,047	21,994,298	82,606,401	83,484,499
Restricted	10,922,418	9,668,320	—	—	10,922,418	9,668,320
Unrestricted	6,907,109	6,207,045	12,562,294	8,533,611	19,469,403	14,740,656
Total Net Position	79,902,881	77,365,566	33,095,341	30,527,909	112,998,222	107,893,475

A large portion of the Village's net position, \$82,606,401 or 73.1 percent, reflects its investment in capital assets (for example, land, construction in progress, buildings and improvements, vehicles and equipment, and infrastructure), less any related debt used to acquire those assets that is still outstanding. The Village uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Village's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion, \$10,922,418 or 9.7 percent, of the Village's net position represents resources that are subject to external restrictions on how they may be used. The remaining \$19,469,403 or 17.2 percent, represents unrestricted net position and may be used to meet the government's ongoing obligations to citizens and creditors.

VILLAGE OF MINOOKA, ILLINOIS

**Management's Discussion and Analysis
April 30, 2025 (Unaudited)**

GOVERNMENT-WIDE FINANCIAL ANALYSIS - Continued

Net position of the Village's governmental activities increased by 3.3 percent (\$79,902,881 in 2025 compared to a \$77,365,566 in 2024). Unrestricted net position, the part of net position that can be used to finance day-to-day operations without constraints, totaled \$6,907,109 at April 30, 2025.

Net position of business-type activities increased by 8.4 percent (\$33,095,341 in 2025 compared to \$30,527,909 in 2024).

Governmental Activities

Revenues for governmental activities totaled \$16,572,547, while the cost of all governmental functions totaled \$14,524,832. This results in a surplus of \$2,047,715 prior to transfers in of \$489,600. In 2024, revenues of \$15,552,707 exceeded expenses of \$13,905,290, resulting in a surplus of \$1,647,417 prior to transfers out of \$1,199,600. The surplus in 2025 is primarily due to an increase in sales and property taxes.

The following table graphically depicts the major revenue sources of the Village. It depicts very clearly the reliance of sales and property taxes to fund governmental activities. It also clearly identifies the less significant percentage the Village receives from replacement taxes.

GOVERNMENT-WIDE FINANCIAL ANALYSIS - Continued

Governmental Activities - Continued

The 'Expenses and Program Revenues' Table identifies those governmental functions where program expenses greatly exceed revenues.

Expenses and Program Revenues - Governmental Activities

Business-Type Activities

Business-type activities posted total revenues of \$9,327,859, while the cost of all business-type activities totaled \$6,270,827. This results in a surplus of \$3,057,032 prior to transfers out of \$489,600. In 2024, revenues of \$7,450,869 exceeded expenses of \$6,341,437, resulting in a surplus of \$1,109,432 prior to transfers in of \$1,199,600. The surplus in the current year is due to the Village implementing a \$25 per utility bill infrastructure fee in January 2023, and after a water and sewer rate study the Village increased the water and sewer rates.

Expenses and Program Revenues - Business-Type Activities

VILLAGE OF MINOOKA, ILLINOIS

Management's Discussion and Analysis

April 30, 2025 (Unaudited)

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the Village uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the Village's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The Village's governmental funds reported combining ending fund balances of \$20,133,972, which is \$1,723,311, or 9.4 percent, higher than last year's total of \$18,410,661. Of the \$20,133,972 total, \$9,128,102, or approximately 45.3 percent, of the fund balance constitutes unassigned fund balance.

The General Fund is the chief operating fund of the Village. At April 30, 2025, unassigned fund balance in the General Fund was \$9,128,102, which represents 99.2 percent of the total fund balance of the General Fund. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance in the General Fund represents approximately 82.3 percent of total General Fund expenditures.

The fund balance in the General Fund at year-end was \$9,205,404, while the previous fiscal year reported a fund balance of \$8,758,357. This is an increase of \$447,047, or 5.1 percent. The increase is due to increases in property tax revenue and investment income.

The fund balance in the 2022 Bond Fund at year-end was \$153, while the previous fiscal year reported a fund balance of \$46,032. This is a decrease of \$45,879, or 99.7 percent. The decrease is due to scheduled capital projects, for example the two erosion control projects, Deerpath, and Rio POCO, as well as the water and sewer extension south of I-80 to ridge road.

Proprietary Funds

The Village's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The Village reports the Water and Sewer Fund as a major proprietary funds. Water is sold to all municipal customers at a rate of \$7.00 per 1,000 gallons and a rate of \$6.24 per 1,000 per gallon for sewer, along with a \$25 per utility bill infrastructure fee. The Village intends to run the fund at a breakeven rate. Periodically, there will be an annual surplus or draw down due to timing of capital projects.

The net position in the Water and Sewer Fund at year-end was \$33,095,341, while the previous fiscal year reported a net position of \$30,527,909. This is an increase of \$2,567,432, or 8.4 percent. Unrestricted net position in the Water and Sewer Fund totaled \$12,562,294 at April 30, 2025. The increase is due to the Village implementing a \$25 per utility bill infrastructure fee in January 2023, and after a water and sewer rate study the Village increased the water and sewer rates.

VILLAGE OF MINOOKA, ILLINOIS

**Management's Discussion and Analysis
April 30, 2025 (Unaudited)**

GENERAL FUND BUDGETARY HIGHLIGHTS

The Board of Trustees made budget amendments to the General Fund during the year. General Fund actual revenues for the year totaled \$11,800,658, compared to budgeted revenues of \$11,162,900. Revenues for taxes investment income, and miscellaneous came in over budget.

The General Fund actual expenditures for the year were \$214,711 more than budgeted (\$11,089,211 actual compared to \$10,874,500 budgeted). Expenditures for all functions came in under budget except for public safety.

CAPITAL ASSETS

The Village's investment in capital assets for its governmental and business type activities as of April 30, 2025 was \$90,034,039 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, buildings and improvements, vehicles and equipment, and infrastructure.

	Capital Assets - Net of Depreciation					
	Governmental Activities		Business-Type Activities		Totals	
	2025	2024	2025	2024	2025	2024
Land	\$ 9,460,074	9,460,074	183,028	183,028	9,643,102	9,643,102

Management's Discussion and Analysis

April 30, 2025 (Unaudited)

DEBT ADMINISTRATION

At year-end, the Village had total outstanding debt of \$5,888,843 as compared to \$4,780,000 the previous year, an increase of 23.2 percent. The following is a comparative statement of outstanding debt:

	Long-Term Debt Outstanding					
	Governmental Activities		Business-Type Activities		Totals	
	2025	2024	2025	2024	2025	2024
General Obligation Bonds	\$ 2,090,000	2,740,000	985,000	1,290,000	3,075,000	4,030,000
Promissory Note Payable	—	—	750,000	750,000	750,000	750,000
IEPA Loans Payable	—	—	2,063,843	—	2,063,843	—
Total	2,090,000	2,740,000	3,798,843	2,040,000	5,888,843	4,780,000

Additional information on the Village's long-term debt can be found in Note 3 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The Village's elected and appointed officials considered many factors when setting the fiscal year 2026 budget, including tax rates and fees that will be charged for its various activities. The state of the economy was a major factor, as the Village is faced with a similar economic environment as many other local municipalities are faced with, including inflation, and unemployment rates.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Village's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be directed to Village of Minooka, 121 E. McEvilly Street, Minooka, Illinois, 60447.

BASIC FINANCIAL STATEMENTS

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

Government-Wide Financial Statements

Fund Financial Statements

Governmental Funds

Proprietary Funds

Fiduciary Funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

VILLAGE OF MINOOKA, ILLINOIS

**Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of the
Governmental Funds to the Statement of Activities - Governmental Activities
For the Fiscal Year Ended April 30, 2025**

Net Change in Fund Balances - Total Governmental Funds \$ 1,723,311

Amounts reported for governmental activities in the Statement of Activities
are different because:

Governmental funds report capital outlays as expenditures. However, in the
Statement of Activities the cost of those assets is allocated over their estimated
useful lives and reported as depreciation expense.

Capital Outlays	2,654,178
Depreciation Expense	(2,296,045)
Disposals - Cost	(58,541)
Disposals - Accumulated Depreciation	58,541

The net effect of deferred outflows (inflows) of resources related
to the pensions not reported in the funds.

Change in Deferred Items - IMRF	(38,175)
Change in Deferred Items - Police Pension	322,753

The issuance of long-term debt provides current financial resources to
governmental funds, while the repayment of the principal on long-term
debt consumes the current financial resources of the governmental funds.

Change in Compensated Absences Payable	(171,122)
Change in Net Pension Liability - IMRF	(67,943)
Change in Net Pension Liability - Police Pension	(265,127)
Change in Total OPEB Liability - RBP	14,580
Retirement of Debt	650,000
Amortization of Bond Premium	5,413

Changes to accrued interest on long-term debt in the Statement of Activities
does not require the use of current financial resources and, therefore, are not
reported as expenditures in the governmental funds.

VILLAGE OF MINOOKA, ILLINOIS

Notes to the Financial Statements

April 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Village of Minooka (the Village) is a municipal corporation governed by an elected Board of Trustees. The government-wide financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant of the Village's accounting policies established in GAAP and used by the Village are described below.

REPORTING ENTITY

The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units are, in substance, part of the primary government's operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is both legally and substantively separate from the government. Management has determined that there is one fiduciary component unit that is required to be included in the financial statements of the Village as a pension trust fund and there are no discretely component units to include in the reporting entity.

Blended Component Units

Police Pension Employees Retirement System

The Village's sworn police employees participate in the Police Pension Employees Retirement System (PPERS). PPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the Village's President, one elected pension beneficiary and two elected police employees constitute the pension board. The participants are required to contribute a percentage of salary as established by state statute and the Village is obligated to fund all remaining PPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the Village is authorized to approve the actuarial assumptions used in the determination of contribution levels. Although it is legally separate from the Village, the PPERS is reported as if it were part of the primary Village because its sole purpose is to provide retirement benefits for the Village's police employees. The PPERS is reported as a fiduciary fund, and specifically a pension trust fund, due to the fiduciary responsibility exercised over the PPERS.

BASIS OF PRESENTATION

Government-Wide Statements

The Village's basic financial statements include both government-wide (reporting the Village as a whole) and fund financial statements (reporting the Village's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The Village's police safety, highway and street maintenance and reconstruction, building code enforcement, public improvements, planning an zoning, and general administrative services are classified as governmental activities. The Village's water, sewer, and garbage services are classified as business-type activities.

In the government-wide Statement of Net Position, both the governmental and business-type activities columns are: (a) presented on a consolidated basis by column, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The Village's net position is reported in three parts: net investment in capital assets; restricted; and unrestricted. The Village first utilizes restricted resources to finance qualifying activities.

VILLAGE OF MINOOKA, ILLINOIS

Notes to the Financial Statements

April 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION - Continued

Government-Wide Statements - Continued

The government-wide Statement of Activities reports both the gross and net cost of each of the Village's functions and business-type activities (general government, public safety, highways and streets, culture and recreation, etc.) The functions are supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, licenses, permits, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function (general government, public safety, highways and streets, culture and recreation, etc.) or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function or business-type activity) are normally covered by general revenue (property, sales and use taxes, certain intergovernmental revenues, fines, licenses, permits, etc.).

The Village does not allocate indirect costs. An administrative service fee is charged by the General Fund to the other operating funds that is eliminated like a reimbursement (reducing the revenue and expense in the General Fund) to recover the direct costs of General Fund services provided (finance, personnel, purchasing, legal, technology management, etc.).

This government-wide focus is more on the sustainability of the Village as an entity and the change in the Village's net position resulting from the current year's activities.

Fund Financial Statements

The financial transactions of the Village are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets/deferred outflows, liabilities/deferred inflows, fund equity, revenues and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories.

GASB Statement No. 34 sets forth minimum criteria (percentage of the assets/deferred outflows, liabilities/deferred inflows, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The nonmajor funds are combined in a column in the fund financial statements.

A fund is considered major if it is the primary operating fund of the Village or meets the following criteria:

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and

Total assets/deferred outflows, liabilities/deferred inflows, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

VILLAGE OF MINOOKA, ILLINOIS

Notes to the Financial Statements

April 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION - Continued

Fund Financial Statements

The various funds are reported by generic classification within the financial statements. The following fund types are used by the Village:

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Village:

General Fund is the general operating fund of the Village. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is a major fund.

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The Village maintains three nonmajor special revenue funds.

Debt Service Funds are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt. The Debt Service Fund is treated as a nonmajor fund.

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by business-type/proprietary funds). The 2022 Bond Fund is used to account for the capital projects of the two erosion control projects, Deerpath, and Rio Poco, as well as water and sewer extension south of I-80 to ridge road. Additionally, the Village maintains twenty nonmajor capital projects funds.

Proprietary Funds

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary funds of the Village:

Enterprise Funds are required to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) establishes fees and charges based on a pricing policy designed to recover similar costs. The Water and Sewer Fund, a major fund, is used to account for the provision of portable water and sewer services to the residents of the Village. All activities necessary to provide such services are accounted for in this fund including, but not limited to: administration, operations, maintenance, financing and related debt service, billing and collection, funding of capital equipment replacements, and provision of garbage disposal services.

Fiduciary Funds

Fiduciary funds are used to report assets held in a trustee or custodial capacity for others and therefore are not available to support Village programs. The reporting focus is on net position and changes in net position and is reported using accounting principles similar to proprietary funds.

VILLAGE OF MINOOKA, ILLINOIS

Notes to the Financial Statements

April 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION - Continued

Fiduciary Funds - Continued

Pension Trust Funds are used to account for assets held in a trustee capacity for pension benefit payments. The Police Pension Fund accounts for the accumulation of resources to pay retirement and other related benefits for sworn members of the Village's police force.

Custodial Funds are used to account for assets held by the Village in a purely custodial capacity. The Special Assessment Fund is used to account for the activities of the accumulation of resources to pay pension costs. Resources are contributed by members at rates fixed by state statutes and by the Village which uses the annual property tax levy to fund the employer contribution..

The Village's fiduciary funds are presented in the fiduciary fund financial statements by type (pension trust and custodial). Since by definition these assets are being held for the benefit of a third party (other local governments, private parties, pension participants, etc.) and cannot be used to address activities or obligations of the Village, these funds are not incorporated into the government-wide statements.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, both governmental and business-type activities are presented using the economic resources measurement focus as defined below.

In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate.

All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets/deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

All proprietary, pension trust, and custodial funds utilize an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows, liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported. Proprietary, pension trust, and custodial funds' equity is classified as net position.

VILLAGE OF MINOOKA, ILLINOIS

Notes to the Financial Statements

April 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

BASIS OF PRESENTATION - Continued

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, both governmental and business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflow is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available.” Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year-end. The Village recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, sales and use taxes, franchise taxes, licenses, and investment income. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

All proprietary, pension trust, and custodial funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. The principal operating revenues of the Village’s enterprise funds are charges to customers for sales and services. The Village also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND FUND BALANCE/NET POSITION

Cash and Investments

For the purpose of the Statement of Net Position, cash and cash equivalents are considered to be cash on hand, demand deposits, and cash with fiscal agent. For the purpose of the proprietary funds’ Statement of Cash Flows, cash and cash equivalents are considered to be cash on hand, demand deposits, cash with fiscal agent, and all highly liquid investments with an original maturity of three months or less.

VILLAGE OF MINOOKA, ILLINOIS

Notes to the Financial Statements

April 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND FUND BALANCE/ NET POSITION - Continued

Cash and Investments - Continued

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the Village categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. All of the Village's investments are in 2a7-like investment pools that are measured at the net asset value per share determined by the pool.

Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include property taxes and accounts. Business-type activities report utility charges as their major receivables.

Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Internal service fund services provided and used are not eliminated in the process of consolidation. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

Prepays

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in both the government-wide and fund financial statements. The costs of governmental fund-type prepaids are recorded as expenditures when consumed rather than when purchased.

Capital Assets

Capital assets purchased or acquired with an original cost of \$10,000, depending on asset class, or more are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the Village as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized. Infrastructure such as streets, traffic signals and signs are capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

VILLAGE OF MINOOKA, ILLINOIS

Notes to the Financial Statements

April 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND FUND BALANCE/NET POSITION - Continued

Capital Assets - Continued

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation basis for proprietary fund capital assets are the same as those used for the general capital assets.

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Building and Improvements	30 - 50 Years
Vehicles and Equipment	3 - 15 Years
Infrastructure	10 - 50 Years

Deferred Outflows/Inflows of Resources

Deferred outflow/inflow of resources represents a consumption/acquisition of net assets that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Bond premiums and discounts, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as expenses at the time of issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Compensated Absences

The Village's policy allows full-time employees to accrue both vacation and sick leave at varying rates based on years of service with the Village.

Full-time employees accrue between 80 and 200 hours based on their years of service with the Village. Vacation leave is not cumulative and must be taken within the twelve (12) month period following the accrual date. Vacation leave may only be carried over with the consent of the Department Head and under no circumstances may an employee carry over more than five (5) vacation days. At the end of each employee's anniversary date, any accrued vacation hours not used and not approved for carry over will be forfeited. Regular full-time employees whose employment with the Village ends after they have completed twelve (12) months of employment, shall receive a lump sum check as compensation for any unused vacation time. The lump sum check shall be at the employee's regular straight-time hourly rate of pay.

VILLAGE OF MINOOKA, ILLINOIS

Notes to the Financial Statements

April 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND FUND BALANCE/ NET POSITION - Continued

Compensated Absences - Continued

All full-time employees shall accrue sick leave at a rate of one (1) sick day (eight (8) hours) per month of work completed. Temporary, part time, and seasonal employees are not eligible for sick leave pay. Unused sick leave may accumulate to a maximum of 960 hours for all full time employees. Employees shall not be paid for unused accrued sick leave upon separation from Village service. However, the Village's pension fund may allow for accumulated sick leave to be transferred as service credits when pension amounts are determined upon retirement.

Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net Investment in Capital Assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted - Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations.

Unrestricted - All other net position balances that do not meet the definition of "restricted" or "net investment in capital assets."

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumption that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

The Budget Ordinance is prepared in tentative form by the Village, reviewed and approved by the Village Board, and is made available for public inspection at least ten days prior to final Board action. A public hearing is held on the tentative Budget Ordinance to obtain taxpayer comments.

Prior to August 1, the Budget ordinance is legally enacted through the passage of an Budget ordinance. All actual expenditures contained herein have been compared to the annual operating budget.

VILLAGE OF MINOOKA, ILLINOIS

Notes to the Financial Statements

April 30, 2025

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY - Continued

BUDGETARY INFORMATION - Continued

The Board of Trustees may:

By two-thirds vote transfer, within any department, amounts budgeted for an object or purpose to another object or purpose. No object or purpose can be reduced below an amount sufficient to provide for all obligations incurred, or to be incurred, against the budgeted amount.

Adopt a supplemental budget ordinance in an amount not to exceed any additional revenue available, including unappropriated fund balances or amount estimated to be received after adoption of the annual budget ordinance.

Management cannot amend the Budget Ordinance. However, expenditures may exceed budgets at the sub object level. Expenditures that exceed individual budgets at the object level must be approved by the Board of Trustees, as outlined above.

The Village does not use the encumbrance method of accounting. Budgetary funds are controlled by an integrated budgetary accounting system, in accordance with various legal requirements which govern the Village.

The operating budget is the management control for spending. The manager is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund are done through the approval of the Village Board of Trustees and are supported by budget amendments as needed.

Operating budgets are adopted on a modified accrual basis of accounting for all governmental funds and on an accrual basis for proprietary and fiduciary funds. Budgets have been adopted for the General, Debt Service, Special Revenue, Capital Projects, Enterprise, and Fiduciary Funds, except for the Developer Liability, Ridge Road Transportation and Special Assessment Fund. Budgets for the enterprise funds do not provide for depreciation; capital improvements are budgeted as expenses.

All budgets are prepared based on the annual fiscal year of the Village and lapse at year end.

Budget amounts are as originally adopted or as amended by the Village Board of Trustees.

The financial schedules report management's operating budget in the columns titled original budget and final budget for the General, Debt Service, Special Revenue, Enterprise, and Fiduciary Funds.

EXCESS OF ACTUAL EXPENDITURES/EXPENSES OVER BUDGET IN INDIVIDUAL FUNDS

The following funds had an excess of actual expenditures/expenses over budget as of the date of this report:

Fund	Excess
General	\$ 214,711
Road Maintenance	6,069
Police Pension	595,827

VILLAGE OF MINOOKA, ILLINOIS

Notes to the Financial Statements

April 30, 2025

NOTE 3 - DETAIL NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS

The Village maintains a cash and investment pool that is available for use by all funds except the pension trust funds. Each fund type's portion of this pool is displayed on the financial statements as "cash and investments." In addition, investments are separately held by several of the Village's funds. The deposits and investments of the pension trust funds are held separately from those of other funds.

Permitted Deposits and Investments - Statutes authorize the Village to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, and Illinois Metropolitan Investment Fund, Illinois Public Reserves Investment Management Trust, and Illinois Funds.

The Illinois Metropolitan Investment Fund (IMET) is a non-for-profit investment trust formed pursuant to the Illinois Municipal Code. IMET is managed by a Board of Trustees elected from the participating members. IMET is not registered with the SEC as an Investment Company. Investments in IMET are valued at the share price, the price for which the investment could be sold.

The Illinois Public Reserves Investment Management Trust (IPRIME) is an investment opportunity and cash management service for Illinois Municipal Treasurers acting on behalf of counties, townships, cities, towns, villages, special road districts, public water supply districts, fire protection districts, drainage districts, levee districts, sewer districts, housing authorities, and all other political corporations or subdivisions of the State of Illinois. Participation in IPRIME is voluntary. IPRIME is not registered with the SEC as an Investment Company. Investments in IPRIME are valued at the share price, the price for which the investment could be sold.

The Illinois Funds is an investment pool managed by the Illinois Public Treasurer's Office which allows governments within the State to pool their funds for investment purposes. Illinois Funds is not registered with the SEC as an investment company. Investments in Illinois Funds are valued at the share price, which is the price for which the investment could be sold.

Village

Deposits. At year-end, the carrying amount of the Village's deposits for governmental and business-type activities totaled \$15,742,600 and the bank balances totaled \$16,080,116.

Investments. At year-end, the Village has the following investments:

Investment Type	Fair Value	Investment Maturities (in Years)			
		Less Than 1	1-5	6-10	More Than 10
IMET	\$ 4,288,401	4,288,401	—	—	—
IPRIME	1,397,658	1,397,658	—	—	—
Illinois Funds	6,112,645	6,112,645	—	—	—
Totals	11,798,704	11,798,704	—	—	—

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

DEPOSITS AND INVESTMENTS - Continued

Village - Continued

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Village limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for short and long-term cash flow needs while providing a reasonable rate of return based on the current market.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Village limits its exposure to credit risk by primarily investing in external investment pools. At year-end, the Village's investment in IMET was rated AA Af by Standard and Poor's, IPRIME was rated AA Am by Standard and Poor's, and the Illinois Funds was rated AA Ammf by Fitch.

Custodial Credit Risk - Deposits. In the case of deposits, this is the risk that in the event of a bank failure, the Village's deposits may not be returned to it. The Village limits its exposure to custodial credit risk by the pledging of collateral for all bank balances in excess of federal depository insurance, at an amount not less the 100% of the fair market value of the funds secured, with the collateral held by the Village or an independent third-party evidenced by a safekeeping agreement. At year-end the entire bank balance of the deposits was covered by federal depository or equivalent insurance.

Custodial Credit Risk - Investments. For an investment, this is the risk that in the event of the failure of the counterparty, the Village will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Village does not have an investment policy that specifically addresses custodial credit risk for investments. At year-end, the Village's investment in the IMET, IPRIME, and Illinois Fund are not subject to custodial credit risk.

Concentration Risk. This is the risk of loss attributed to the magnitude of the Village's investment in a single issuer. The Village limits its exposure to concentration risk by requiring diversification of investment to avoid unreasonable risk by limiting commercial paper to the lesser of 20% of the cash and investment balance at the time of placement, or 25% of the cash and investment balance. At year-end, the Village does not have any investments over 5 percent of the total cash and investment portfolio (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

Police Pension Fund

The Illinois Police Officers Pension Investment Fund (IPOPIF) is an investment trust fund responsible for the consolidation and fiduciary management of the pension assets of Illinois suburban and downstate police pension funds. IPOPIF was created by Public Act 101-0610, and codified within the Illinois Pension Code, becoming effective January 1, 2020, to streamline investments and eliminate unnecessary and redundant administrative costs, thereby ensuring assets are available to fund pension benefits for the beneficiaries of the participating pension funds. Participation in IPOPIF by Illinois suburban and downstate police pension funds is mandatory. Investments of the Fund are combined in a commingled external investment pool and held by IPOPIF. A schedule of investment expenses is included in IPOPIF's annual comprehensive financial report. For additional information on IPOPIF's investments, please refer to their annual comprehensive financial report, which can be obtained from IPOPIF at 456 Fulton Street, Suite 402 Peoria, Illinois 61602 or at www.ipopif.org.

VILLAGE OF MINOOKA, ILLINOIS

Notes to the Financial Statements

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

DEPOSITS AND INVESTMENTS - Continued

Police Pension Fund - Continued

Deposits. The Fund retains all its available cash with one financial institution. Available cash is determined to be that amount which is required for the current expenditures of the Fund. The excess of available cash is required to be transferred to IPOPIF for purposes of the long-term investment for the Fund. At year-end, the carrying amount of the Fund's cash on hand totaled \$208,692 and the bank balances totaled \$208,692.

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the Fund's deposits may not be returned to it. The Fund's investment policy requires pledging of collateral for all bank balances in excess of federal depository insurance, at an amount not less the 100% of the fair market value of the funds secured, with the collateral held by the Village or an independent third-party evidenced by a safekeeping agreement. At year-end, the entire carrying amount of the bank balance of deposits is covered by federal depository or equivalent insurance.

Investments. At year-end the Fund has \$15,739,060 invested in IPOPIF, which is measured at the Net Asset Value (NAV) per share as determined by the pool. The pooled investments consist of the investments as noted in the target allocation table available at www.ipopif.org. Investments in IPOPIF are valued at IPOPIF's share price, which is the price the investment could be sold. There are no unfunded commitments at year-end. The fund may redeem shares with a seven calendar day notice. IPOPIF may, at its sole discretion and based on circumstances, process redemption requests with fewer than a seven calendar day notice. Regular redemptions of the same amount on a particular day of the month may be arranged with IPOPIF.

Investment Policy. IPOPIF's current investment policy was adopted by the Board of Trustees on December 17, 2021. IPOPIF is authorized to invest in all investments allowed by Illinois Compiled Statutes (ILCS). The IPOPIF shall not be subject to any of the limitations applicable to investments of pension fund assets currently held by the transferor pension funds under Sections 1-113.1 through 1-113.12 or Article 3 of the Illinois Pension Code.

Rate of Return. For the year ended April 30, 2025, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 9.68%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

PROPERTY TAXES

Property taxes for 2024 attach as an enforceable lien on January 1, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and are payable in two installments, on or about June and September. The County collect such taxes and remit them periodically.

INTERFUND BALANCES

Interfund balances represent advances in anticipation of receipts to cover temporary cash shortages and result from the time lag between when transactions are recorded in the accounting system and payments between funds are made. The composition of interfund balances as of the date of this report, is as follows:

Receivable Fund	Payable Fund	Amount
Police Pension	General	\$ 37,220
General	Water and Sewer Capital Account - Water and Sewer	<u>827,953</u>
		<u><u>865,173</u></u>

INTERFUND TRANSFERS

Interfund transfers for the fiscal year consisted of the following:

Transfer In	Transfer Out	Amount
General	Water and Sewer	\$ 57,500 (1)
Nonmajor Governmental	Water and Sewer	432,100 (1)
Nonmajor Governmental	General	321,900 (2)
Nonmajor Governmental	Nonmajor Governmental	<u>1,180,145 (1)</u>
		<u><u>1,991,645</u></u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, and (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

LONG-TERM DEBT

Non-Commitment Debt

Special Assessment Debt

Special assessment bonds outstanding as of the date of this report totaled \$10,581,000. These bonds are not an obligation of the Village and are secured by the levy of special assessments on the real property within the special assessment area. The Village is in no way liable for repayment but is only acting as agent for the property owners in levying and collecting the assessments, and forwarding the collections to bondholders.

General Obligation Bonds

The Village issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for governmental and business-type activities. General obligation bonds are direct obligations and pledge the full faith and credit of the Village. General obligation bonds currently outstanding are as follows:

Issue	Beginning Balances	Issuances	Retirements	Ending Balances
\$2,750,000 General Obligation Alternate Revenue Source Refunding Bonds of 2012, due in annual installments of \$30,000 to \$260,000 plus interest at 3.00% through December 15, 2025.	\$ 510,000	—	250,000	260,000
\$2,150,000 General Obligation Alternate Revenue Source Refunding Bonds of 2015, due in annual installments of \$155,000 to \$222,000 plus interest at 2.10% to 3.00% through December 15, 2026.	645,000	—	210,000	435,000
\$3,190,000 General Obligation Alternate Revenue Source Refunding Bonds of 2016, due in annual installments of \$245,000 to \$340,000 plus interest at 3.00% to 4.00% through December 15, 2027.	1,290,000	—	305,000	985,000
\$1,960,000 General Obligation Bonds of 2022, due in annual installments of \$185,000 to \$210,000 plus interest at 0.85% to 1.75% through December 15, 2031.	1,585,000	—	190,000	1,395,000

LONG-TERM DEBT - Continued

Promissory Notes Payable

The Village enters into promissory notes payable for the purpose of the installation of water main and sewer line extensions. Promissory notes payable have been issued for the business-type activities. Promissory notes payable are direct obligations and pledge the full faith and credit of the Village. Repayment schedule is not available as repayment is dependent on receipt of impact fees. Promissory notes payable currently outstanding are as follows:

Issue	Beginning Balances	Issuances	Retirements	Ending Balances
\$750,000 Promissory Note Payable of 2023, plus interest at 1.00%.	\$ 750,000	—	—	750,000

IEPA Loan Payable

The Village has entered into loan agreements with the IEPA to provide low interest financing for waterworks and sewerage improvements. Final repayment schedule for the IEPA Loan Payable of 2025 is not available at the time of the issuance of this report. IEPA loans currently outstanding are as follows:

Issue	Beginning Balances	Issuances	Retirements	Ending Balances
\$2,063,843 IEPA Payable of 2025, plus interest at 1.61%.	\$ —	2,063,843	—	2,063,843

Asset Retirement Obligation

The Village has recognized an asset retirement obligation (ARO) and related deferred outflow of resources in connection with its obligation to seal and abandon various water wells and demolition of the Village's water towers and stand pipes at the end of their estimated useful lives in accordance with federal, state, and/or local requirements. The ARO was measured using actual historical costs for similar abandonments, adjusted for inflation through the end of the year. The estimated remaining useful lives of the water wells and towers is 26 years.

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

FUND BALANCE CLASSIFICATIONS

In the governmental fund financial statements, the Village considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The Village first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

The following is a schedule of fund balance classifications for the governmental funds as of the date of this report:

	General	Capital Projects 2022 Bond	Nonmajor	Totals
Fund Balances				
Nonspendable				
Prepays	\$ 68,016	—	—	68,016
Restricted				
Hotel and Motel Tax	—	—	8,751	8,751
School Site Dedication	9,286	—	—	9,286
Public Safety	—	—	115,911	115,911
Highways and Streets	—	—	726,376	726,376
Debt Service	—	—	1,050,390	1,050,390
Capital Projects	—	153	9,026,987	9,027,140
	9,286	153	10,928,415	10,937,854
Unassigned	9,128,102	—	—	9,128,102
Total Fund Balances	9,205,404	153	10,928,415	20,133,972

Nonspendable Fund Balance. Consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

Restricted Fund Balance. Consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

VILLAGE OF MINOOKA, ILLINOIS

Notes to the Financial Statements

April 30, 2025

NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

FUND BALANCE CLASSIFICATIONS - Continued

Committed Fund Balance. Consists of resources constrained (issuance of an ordinance) to specific purposes by the government itself, using its highest level of decision-making authority, the Board of Trustees; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

Assigned Fund Balance. Consists of amounts that are constrained by the Board of Trustees' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by a) the Board of Trustees itself or b) a body or official to which the Board of Trustees has delegated the authority to assign amounts to be used for specific purposes. The Village's highest level of decision-making authority is the Board of Trustees, who is authorized to assign amounts to a specific purpose.

Unassigned Fund Balance. Consists of residual net resources of a fund that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

NET POSITION CLASSIFICATIONS

Net investment in capital assets was comprised of the following as of April 30, 2025:

Governmental Activities	
Capital Assets - Net of Accumulated Depreciation	\$ 64,596,903
Less Capital Related Debt:	
General Obligation Bonds Payable	(2,090,000)
Unamortized Premium	(3,156)
Capital Related Accounts Payable	(266,231)
Retainage Payable	<u>(164,162)</u>
Net Investment in Capital Assets	<u>62,073,354</u>
Business-Type Activities	
Capital Assets - Net of Accumulated Depreciation	25,437,136
Less Capital Related Debt:	
General Obligation Bonds Payable	(985,000)
Unamortized Premium	(26,478)
Promissory Note Payable	(750,000)
IEPA Loans Payable	(2,063,843)
Capital Related Accounts Payable	<u>(1,078,768)</u>
Net Investment in Capital Assets	<u>20,533,047</u>

VILLAGE OF MINOOKA, ILLINOIS

Notes to the Financial Statements

April 30, 2025

NOTE 4 - OTHER INFORMATION

RISK MANAGEMENT

The Village is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters; and injuries to the Village’s employees. The Village has purchased insurance from private insurance companies. Risks covered included certain types of liabilities and bonds. Premiums have been displayed as expenditures/expenses in appropriate funds. There were no significant changes in insurance coverages from the prior year and settlements did not exceed insurance coverage in any of the past three fiscal years.

CONSTRUCTION COMMITMENTS

The Village has entered into contracts for the construction or renovation of water and sewer facilities and roadways as follows:

	Expended to Date	Remaining Commitment
WWTP Upgrde	\$ 2,063,843	3,328,841
MFT 2024	793,920	175,788
Aux Sable Park OSLAD	1,093,813	1,011,006
Totals	<u>3,951,576</u>	<u>4,515,635</u>

TAX ABATEMENTS

The Village has entered into various tax rebate agreements with local businesses under Village code. Under these agreements, the Village rebates a portion of sales taxes. For the fiscal year ended April 30, 2025, the Village rebated a total of \$635,068 in taxes under these agreements.

CONTINGENT LIABILITIES

Litigation

From time to time, the Village is party to various pending claims and legal proceedings with respect to employment, civil rights, property taxes and other matters. Although the outcome of such matters cannot be forecasted with certainty, it is the opinion of management and the Village attorney that the likelihood is remote that any such claims or proceedings will have a material adverse effect on the Village's financial position or results of operations.

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Village expects such amounts, if any, to be immaterial.

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLANS

The Village contributes to two defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system, and the Police Pension Plan which is a single-employer pension plan. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at www.imrf.org. The benefits, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly.

The aggregate amounts recognized for the pension plans are:

	Pension Expense	Net Pension Liability	Deferred Outflows	Deferred Inflows
IMRF	\$ 281,175	169,083	379,852	22,731
Police Pension	526,436	2,836,555	2,106,849	1,097,197
	807,611	3,005,638	2,486,701	1,119,928

Plan Descriptions

Plan Administration. All employees (other than those covered by the Police and Firefighters' Pension Plan) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. The plan is accounted for on the economic resources' measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Benefits Provided. IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date.).

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLANS - Continued

Illinois Municipal Retirement Fund (IMRF)

Plan Descriptions - Continued

Benefits Provided - Continued. IMRF provides two tiers of pension benefits. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Plan Membership. As of December 31, 2024, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	28
Inactive Plan Members Entitled to but not yet Receiving Benefits	17
Active Plan Members	<u>24</u>
Total	<u><u>69</u></u>

VILLAGE OF MINOOKA, ILLINOIS

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

Contributions. As set by statute, the Village's Regular Plan Members are required to contribute 4.50% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. For the fiscal year-ended April 30, 2025, the Village's contribution was 4.90% of covered payroll.

Net Pension Liability. The Village's net pension liability was measured as of December 31, 2024. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions. The total pension liabilities were determined by an actuarial valuation performed, as of December 31, 2024, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Fair Value
Actuarial Assumptions	
Interest Rate	7.25%
Salary Increases	2.85% to 13.75%
Cost of Living Adjustments	2.75%
Inflation	2.25%

For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 108.0%) and Female (adjusted 106.4%) tables, and future mortality improvements projected using scale MP-2021. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2021. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2021.

VILLAGE OF MINOOKA, ILLINOIS

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLANS - Continued

Illinois Municipal Retirement Fund (IMRF) - Continued

Plan Descriptions - Continued

Actuarial Assumptions - Continued. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target	Long-Term Expected Real Rate of Return
Fixed Income	24.50%	5.20%
Domestic Equities	33.50%	4.35%
International Equities	18.00%	5.40%
Real Estate	10.50%	6.40%
Blended	12.50%	4.85% - 6.25%
Cash and Cash Equivalents	1.00%	3.60%

Discount Rate

The discount rate used to measure the total pension liability was 7.25%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that Village contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all project future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

Discount Rate Sensitivity

The following is a sensitivity analysis of the net pension liability/(asset) to changes in the discount rate. The table below presents the net pension liability/(asset) of the Village calculated using the discount rate as well as what the Village's net pension liability/(asset) would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Net Pension Liability/(Asset)	\$ 1,269,335	169,083	(663,282)

Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

For the fiscal year ended April 30, 2025, the Village recognized pension expense of \$281,175. At April 30, 2025, the Village reported deferred outflows or resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Totals
Difference Between Expected and Actual Experience	\$ 172,367	(15,982)	156,385
Change in Assumptions	—	(6,749)	(6,749)
Net Difference Between Projected and Actual			
Earnings on Pension Plan Investments	174,201	—	174,201
Total Pension Expense to be Recognized in Future Periods	346,568	(22,731)	323,837
Pension Contributions Made Subsequent to the Measurement Date	33,284	—	33,284
 Total Deferred Amounts Related to IMRF	 379,852	 (22,731)	 357,121

\$33,284 reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the reporting year ended April 30, 2026. Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future periods as follows:

Fiscal Year	Net Deferred Outflows/ (Inflows) of Resources
2026	\$ 133,520
2027	266,467
2028	(42,774)
2029	(33,376)

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLANS - Continued

Police Pension Plan

Plan Descriptions

Plan Administration. The Police Pension Plan is a single-employer defined benefit pension plan that covers all sworn police personnel. The defined benefits and employee and minimum employer contribution levels are governed by Illinois Compiled Statutes (40 ILCS 5/3-1) and may be amended only by the Illinois legislature. The Village accounts for the Fund as a pension trust fund. The Fund is governed by a five-member pension board. Two members of the Board are appointed by the Village Mayor, one member is elected by pension beneficiaries and two members are elected by active police employees.

Plan Membership. At April 30, 2025, the measurement date, membership consisted of the following:

Inactive Plan Members Currently Receiving Benefits	7
Inactive Plan Members Entitled to but not yet Receiving Benefits	5
Active Plan Members	<u>21</u>
Total	<u><u>33</u></u>

Benefits Provided. The following is a summary of the Police Pension Plan as provided for in Illinois State Statutes.

The Police Pension Plan provides retirement benefits through two tiers of benefits as well as death and disability benefits. Covered employees hired before January 1, 2011 (Tier 1), attaining the age of 50 or older with 20 or more years of creditable service are entitled to receive an annual retirement benefit of $\frac{1}{2}$ of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The annual benefit shall be increased by 2.5 percent of such salary for each additional year of service over 20 years up to 30 years, to a maximum of 75 percent of such salary. Employees with at least eight years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a police officer who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3 percent of the original pension and 3 percent compounded annually thereafter.

Covered employees hired on or after January 1, 2011 (Tier 2), attaining the age of 55 or older with 10 or more years of creditable service are entitled to receive an annual retirement benefit equal to the average monthly salary obtained by dividing the total salary of the police officer during the 48 consecutive months of service within the last 60 months of service in which the total salary was the highest by the number of months of service in that period. Police officer salary for the pension purposes was capped at \$106,800, plus the lesser of $\frac{1}{2}$ of the annual change in the Consumer Price Index or 3 percent compounded. The annual benefit shall be increased by 2.5 percent of such a salary for each additional year of service over 20 years up to 30 years to a maximum of 75 percent of such salary. Employees with at least 10 years may retire at or after age 50 and receive a reduced benefit (i.e., $\frac{1}{2}$ percent for each month under 55). The monthly benefit of a Tier 2 police officer shall be increased annually at age 60 on the January 1st after the police officer retires, or the first anniversary of the pension starting date, whichever is later. Noncompounding increases occur annually, each January thereafter. The increase is the lesser of 3 percent or $\frac{1}{2}$ of the change in the Consumer Price Index for the preceding calendar year.

VILLAGE OF MINOOKA, ILLINOIS

Notes to the Financial Statements

April 30, 2025

NOTE 4 - OTHER INFORMATION - Continued

EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLANS - Continued

Police Pension Plan - Continued

Plan Descriptions - Continued

Contributions. Covered employees are required to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to contribute the remaining amounts necessary to finance the plan and the administrative costs as actuarially determined by an enrolled actuary. However, effective January 1, 2011, ILCS requires the Village to contribute a minimum amount annually calculated using the projected unit credit actuarial cost method that will result in the funding of 90% of the past service cost by the year 2040. For the fiscal year-ended April 30, 2025, the Village's contribution was 27.91% of covered payroll.

Concentrations. At year-end, the Pension Fund does not have any investments over 5 percent of net plan position available for retirement benefits (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation performed, as of April 30, 2025, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Fair Value
Actuarial Assumptions	
Interest Rate	6.50%
Salary Increases	4.00% - 12.11%
Cost of Living Adjustments	2.25%
Inflation	2.25%

Active Mortality follows the Sex Distinct Raw Rates as developed in the PubS-2010(A) Study improved to 2021 using MP-2021 Improvement Rates. These rates are then improved generationally using MP-2021 Improvement Rates

Discount Rate

The discount rate used to measure the total pension liability was 6.50%, the same as the prior valuation. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that Village contributions will be made at rates equal to the difference between the actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

OTHER POST-EMPLOYMENT BENEFITS

General Information about the OPEB Plan

Plan Description. The Village's defined benefit OPEB plan, Retiree Benefits Plan (RBP), provides OPEB for all permanent full-time general and public safety employees of the Village. RBP is a single-employer defined benefit OPEB plan administered by the Village. Article 11 of the State Compiled Statutes grants the authority to establish and amend the benefit terms and financing requirements to the Village Board. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

Benefits Provided. The Village provides post-employment health care benefits to its retirees. To be eligible for benefits, an employee must qualify for retirement under one of the Village's retirement plans. All health care benefits are provided through the Village's health insurance plan. The benefit levels are the same as those afforded to active employees. Benefits include general inpatient and outpatient medical services; mental, nervous, and substance abuse care; vision care; dental care; and prescriptions. Upon a retiree reaching 65 years of age, Medicare becomes the primary insurer and the Village's plan becomes secondary. All retirees contribute 100% of the actuarially determined premium to the plan. Active employees do not contribute to the plan in anticipation of future participation in the Village's retiree health care insurance benefit at retirement. Contributions in the plan begin only at retirement.

Plan Membership. As of April 30, 2025, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	1
Inactive Plan Members Entitled to but not yet Receiving Benefits	—
Active Plan Members	<u>48</u>
Total	<u><u>49</u></u>

Total OPEB Liability

The Village's total OPEB liability was measured as of April 30, 2025, and was determined by an actuarial valuation as of April 30, 2024.

Actuarial Assumptions and Other Inputs. The total OPEB liability in the April 30, 2024 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50%
Salary Increases	3.00%
Discount Rate	5.24%
Healthcare Cost Trend Rates	8.30% Decreasing to an Ultimate Rate of 5.00% for 2035 and Later Years
Retirees' Share of Benefit-Related Costs	100% of Projected Health Insurance Premiums for Retirees

OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such statements and schedules include:

- Budgetary Comparison Schedules - Major Governmental Funds
- Combining Statements - Nonmajor Governmental Funds
- Budgetary Comparison Schedules - Nonmajor Governmental Funds
- Combining Statements - Enterprise Fund
- Budgetary Comparison Schedules - Enterprise Fund Accounts
- Budgetary Comparison Schedules - Pension Trust Fund
- Combining Statements - Custodial Funds
- Consolidated Year-End Financial Report

INDIVIDUAL FUND SCHEDULES

GENERAL FUND

The General Fund is used to account for all financial resources except those required to be accounted for in another fund.

SPECIAL REVENUE FUNDS

Special revenue funds are used to account for the proceeds of specific revenue sources (other than fiduciary funds or capital project funds) that are legally restricted to expenditure for specified purposes.

Motor Fuel Tax Fund

The Motor Fuel Tax Fund is used to account for the improvements to streets and infrastructure and for the maintenance of streets and infrastructure.

Hotel and Motel Tax Fund

The Hotel and Motel Tax Fund is used to account for funds received from the Local Hotel and Motel Tax the Village has implemented.

Police Fund

The Police Fund is used to account for the funds of the police pension funds that have been consolidated by the state of Illinois.

DEBT SERVICE FUND

Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

CAPITAL PROJECTS FUNDS

Capital Projects Funds are used to account for financial resources used for the acquisition or construction of major capital assets (other than those financed by business-type/proprietary funds).

2022 Bond Fund

The 2022 Bond Fund is used to account for the capital projects of the two erosion control projects, Deerpath, and Rio POCO, as well as water and sewer extension south of I-80 to ridge road.

INDIVIDUAL FUND SCHEDULES - Continued

CAPITAL PROJECTS FUNDS - Continued

Utility Tax Fund

The Utility Tax Fund is used to account for the 5% telecommunications and electric use tax the Village has implemented, as well as capital projects when funds are available.

Park Site Fund

The Park Site Fund is used to account for funding of all parks throughout the Village with the exception of the Aux Sable Springs Park.

Capital Improvement Fund

The Capital Improvement Fund is used to account for capital projects at Village owned buildings.

Kendall County Property Tax Fund

The Kendall County Property Tax Fund is used to account for keeping funds separate when there are large tax protests in Kendall County.

Ridge Road Improvement Fund

The Ridge Road Improvement Fund is used to account for funding of future capital projects for the road.

Ridge Road Transportation Fund

The Ridge Road Transportation Fund is used to account for funding of future capital projects for the road.

Brannick Road Fund

The Brannick Road Fund is used to account for funding of future capital projects for the road.

Hare Road Fund

The Hare Road Fund is used to account for funding of future capital projects for the road.

Developer Liability Fund

The Developer Liability Fund is used to account for developer funds for fees incurred by the Village when capital improvements require legal and engineering review.

INDIVIDUAL FUND SCHEDULES - Continued

CAPITAL PROJECTS FUNDS - Continued

Wabena Road Improvement Fund

The Wabena Road Improvement Fund is used to account for funding of future capital projects for the road.

Minooka Road Utilities Fund

The Minooka Road Utilities Fund is used to account for funding of future capital projects for the utilities of Minooka Road.

Road 21 Sanitary Sewer Fund

The Road 21 Sanitary Sewer Fund is used to account for funding of a future Sanitary sewer line that will be required for the Village to expand.

Bike Path Fund

The Bike Path Fund is used to account for funding of bike path projects throughout the Village.

Equipment Replacement Fund

The Equipment Replacement Fund is used to account for the future equipment needs of the Village.

Aux Sable Springs Park Fund

The Aux Sable Springs Park Fund is used to account for construction, expansion and maintenance of Aux Sable Springs Park.

Park Land Fund

The Park Land Fund is used to account for funds that will be used to buy future park land.

Road Maintenance Fund

The Road Maintenance Fund is used to account for tracking various road maintenance projects throughout the Village.

Davidson Park Fund

The Davidson Park Fund is used to account for tracking donations made from the Davidson Family that are restricted to park use.

INDIVIDUAL FUND SCHEDULES - Continued

CAPITAL PROJECTS FUNDS - Continued

Grainger Way Road Improvement Fund

The Grainger Way Road Improvement Fund is used to account for funding of future capital projects for the road.

Non-Home Rule Sales Tax Fund

The Non-Home Rule Sales Tax Fund is used to account for expenditures related to infrastructure improvements financed by sales tax as collected and distributed by the State of Illinois.

ENTERPRISE FUNDS

The Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where it has been decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purpose.

Water and Sewer Fund

The Water and Sewer Fund is used to account for the provision of portable water and sewer services to the residents of the Village. All activities necessary to provide such services are accounted for in this fund including, but not limited to: administration, operations, maintenance, financing and related debt service, billing and collection, funding of capital equipment replacements, and provision of garbage disposal services.

FIDUCIARY FUNDS

PENSION TRUST FUND

Police Pension Fund

The Police Pension Fund is used to account for the accumulation of resources to be used for retirement pensions for the Village's sworn police personnel. Most rules and regulations of the fund are established by the Pension Division of the Illinois Department of Insurance. Resources are contributed by sworn police personnel at rates fixed by state statutes and by the Village through an annual property tax levy.

INDIVIDUAL FUND SCHEDULES - Continued

FIDUCIARY FUNDS - Continued

CUSTODIAL FUNDS

Regional Water Commission Fund

The Regional Water Commission Fund is used to account for money for the formation of a future water commission with 5 other surrounding communities.

Special Assessment Fund

The Special Assessment Fund is used to account for the activities of the accumulation of resources to pay principal, interest and expenses related to the Villages three Special Assessment Areas. Resources are paid by the owners of the property in these areas.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENTAL AUDITING STANDARDS

November 25, 2025

The Honorable President
Members of the Board of Trustees
Village of Minooka, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Minooka (the Village), Illinois, as of and for the year ended April 30, 2025, and the related notes to the financial statements, which collectively comprise the Village's basic financial statements, and have issued our report thereon dated November 25, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Village's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control. Accordingly, we do not express an opinion on the effectiveness of the Village's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Village's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Village's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Village of Minooka, Illinois
November 25, 2025

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Village's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Village's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
